No: 147/SE(TAS)/App.of Consultant/ 2010/ 137-E

Dated: 07/17/2010

Office Memorandum

As per the recommendations contained in the interim report of Product Approval Committee for LED Lighting Fixtures submitted to this Directorate vide no. 26(4)/CE(E)/DR/SE(E)S&S/2001/361 dated 16/6/2010, the Director General of Works is pleased to approve the following six firms provisionally for a period of two years or till the outcome of final report whichever is earlier.

1. M/s Philips
2. M/s Osram
3. M/s Wipro
4. M/s Crompton
5. M/s Bajaj
6. M/s Instapower

However, above provisional approval is subject to the following limitations and conditions:

1. Since the LED fixtures are very expensive, decision to provide LED fittings be taken selectively and where it is considered to do so in the interest of work.
2. Feed back on the performance of LED fittings be sent to S&S Unit for consideration.
3. While selecting LED fittings suitable guarantee be taken from the manufacturer for life and quality of the fittings.
4. NIT approving authority to decide technical requirements and in accordance with CVC guidelines.
5. The matter will be placed before Specification Committee for E&M Works for wider consultation and recommending guidelines for selection of LED fittings for various applications and for implementation of NMCC's recommendation.
6. Based on feed back, application of LED fittings be increased gradually.
7. The matter to be reviewed after standard & test protocol of LED fittings are issued by BIS and test facilities are established by CPRI.

The approval given above does not absolve the executive/supervisory officer from their overall responsibility for using this product. It is only after they are satisfied about the quality, rate and performance; the product shall be used. To achieve this, proper check on the quality of the product actually to be used should be exercised.

This issues with the approval of DG(W).

Superintending Engineer (TAS)
